

### **Designated Giving at Grandview Christian Church**

While Grandview's ministry is best supported by giving to the general offering without designation, it is possible to designate gifts for ministries, ministry teams, funds, or campaigns.

Grandview seeks to spend all designated gifts for the purpose the giver desires, as long as that purpose is in keeping with the purposes, policies, and vision of the church. If the gift is designated to purchase products or secure special services, the appropriate committee reserves the right to select the vendor or the provider of the services. The designated money and any item or service purchased with these monies is the property of the church.

To ensure that all monetary offerings given to Grandview are tax-deductible, please do not designate your gift for individual missionaries, projects church leadership has not previously decided to undertake, or individuals in the church or community.

### **Requests for Missions Support**

Grandview is happy to consider requests for financial support for short and long-term missions work. To request such assistance, please contact the Missions Team. All such requests (apart from those mailed sent directly to individual friends and relatives within the church) should go through this team. Contact information for the Missions Team can be obtained through the church office ([423-928-7866](tel:423-928-7866)).
